

Meet Michigan Governor
GRETCHEN WHITMER
A Governor who gets it done.

Governor Gretchen Whitmer is that woman from Michigan

Inspired by her family, she has devoted her life to public service, governed through unprecedented crises, and remains focused on working with anyone to get things done that will make a difference in people's lives.

Governor Whitmer has been tested.

Amidst historic circumstances, the governor has led with grit and grace, tackling Michigan's long-standing infrastructure, health care, and education challenges while taking decisive action to save lives and rebuild the state's economy. Despite the unprecedented challenges of her first term, she continues to govern with a steely resolve and dedication to delivering for the people of Michigan.

Her administration has delivered results for Michiganders by creating over 37,000 new auto jobs while working across the aisle to ensure Michigan has the resources to compete for new business; passing balanced, bipartisan budgets; making the largest investment in K-12 education in state history; closing the school funding gap without raising taxes.

She has created two successful workforce education programs to ensure Michigan's businesses can fill jobs with skilled workers: Michigan Reconnect and Futures for Frontliners. She's cut costs for hardworking families by securing \$400 auto insurance refund checks for every Michigan driver, repealing the tampon tax, and expanding low or no-cost childcare to 105,000 additional families. As of June of 2023, she has also fulfilled her signature promise to fix the damn roads, repairing over 20,000 lane miles and more than 1,400 bridges, while supporting over 118,000 good-paying jobs.

Governor Whitmer is tough and resilient.

She's tackling the big challenges Michigan faces with bold solutions and decisive leadership. She will continue working to ensure that every Michigander has a great public education and a path to a good-paying job, every community has clean, safe drinking water, and everyone can drive to work or drop their kids at school safely, without blowing a tire or cracking a windshield. She knows that our best days are ahead of us and will never stop fighting for Michigan's families.

Governor Whitmer and her husband, Marc Mallory, live in Lansing with Kevin and Doug, the First Dogs of Michigan. Her daughters, Sherry and Sydney, are proud University of Michigan Wolverines. Her three stepsons, Alex, Mason, and Winston all live in Michigan, as well. Governor Whitmer earned a bachelor's degree and law degree from Michigan State University. A lifelong Michigander, Gretchen Whitmer is honored to serve as Governor of Michigan.
